### ECONOMIC OVERVIEW

According to information from the Economic Indicators for El Paso, published by the Federal Reserve Bank of Dallas, the El Paso economy recovered during the month of October.

The unemployment rate during the fourth quarter was 8.3%, slightly more than double that of last year. However, there was a recovery of some 2,000 jobs during the quarter, mainly in the professional and business services and government sectors.

### SUPPLY OR DEMAND

The fourth quarter of the year closed with an overall net absorption in positive figures, with a total of 125,107 square feet (sf).

New leasing activity involved 364,000 sf in 24 transactions. Also, throughout the year, over 2 million square feet (msf) was leased which is a 10% increase over 2019. The first half of the year started slow but increased rapidly as the months progressed.

The vacancy rate remained relatively unchanged from the previous quarter at 5.6%. However, the year-on-year comparison reflects an improvement of one percentage point.

With respect to new space deliveries, there were a total of eight speculative buildings delivered during the quarter for a total of approximately 258,000 sf of new space added to inventory.

At the time of this report there is 1.3 msf of speculative construction scheduled to come online early in 2021.

### PRICING

Industrial lease rates closed strong during the last quarter of the year and the slight increases continue due to the shortage of Class A space.
